“My thanks to those who have brought us this far. My welcome to those who will take us to our next milestone and beyond.” George “Buddy” H. Amos, Jr. Founding Member and former Chair of the Board of Trustees
As the Community Foundation for Southern Arizona celebrates its 35th anniversary and we reflect on some of our key milestones, we are reminded of the vision of our founders. Their foresight and leadership encouraged and inspired TRUST in our organization and provided the platform essential to our success.

As you read the pages of this report, we invite you to step back in time with us and read the stories of the individuals that helped build the Community Foundation. These individuals gave of their time, talent and treasure to build a house in which all are welcome and have a voice in impacting the place we call home.

Community foundations were founded 100 years ago by bankers to serve a market gap—a need for a community-based organization knowledgeable about its needs that could ensure that individuals’ charitable intent was invested for impact and honored FOREVER.

We thank our founders, volunteers and staff who have for 35 years worked tirelessly to build the Community Foundation for Southern Arizona. They gave us the opportunity to continue to lead and inspire our donors and the community to progress on our common journey of improving Southern Arizona.

"The journey of a thousand miles begins with one step." Lao Tzu
The Community Foundation’s founders believed there is power in numbers. They knew that collaboration accelerates impact. They were convinced that philanthropy would shape our future. The model of public philanthropy for our region, through the creation of the community’s own endowment fund, came from our founders. Their vision for a more vibrant and thriving Southern Arizona continues to be built by people like you. You’ve grown the Community Foundation’s charitable assets to more than $115 million over the past 35 years. Together, along with other passionate individuals, families and businesses, you’ve turned to the Community Foundation to facilitate your giving, effectively changing lives and creating impact in areas including animal welfare, the arts, education, health and human services, economic development and the environment.

We dedicate this publication to our founders for their vision, and to you for bringing their vision to reality.

Thanks to these five founders for their belief that the establishment of a community endowment would create a solid foundation to better our community for generations to come. From left to right, George “Buddy” H. Amos Jr., James “Jim” Burns, Jim Click Jr., Edward R. Moore and F. Grainger Weil.
The Greater Tucson Area Foundation was founded in 1980 by visionaries Buddy Amos, Jim Burns, Jim Click Jr., Ed Moore and Grainger Weil. Their goal was clear: bring more local resources to local needs Now & Forever.
The Community Foundation for Southern Arizona is at the center of philanthropy in our region, overseeing donor intent, through civic leadership, strategic partnerships and grantmaking Now & Forever.
The Stewards

At the Community Foundation our Board of Trustees and staff are dedicated to safeguarding and stewarding your charitable vision, now and for generations to come. We have an in-depth understanding of the issues, opportunities and resources that shape Southern Arizona. We can help you learn more about local agencies and programs that make a difference in the areas you care about most. On your behalf, we invest in the long term and bring people and organizations together, convening diverse voices to address local issues and seek opportunities for permanent and positive change.

You tell us about your passions and we take action. This year alone, we targeted poverty and its effects on children through a competitive grant round. To promote the use of hospice services and the proactive planning for end-of-life, we hosted a competitive grant round and gave to regional nonprofits working to ease the transition from life to death for everyone involved.

And the Pima Alliance for Animal Welfare, one of our initiatives, has made exciting progress, making significant strides in ensuring that all Pima County companion animals have a loving home and humane care.

By providing you with local knowledge and guidance to make the most philanthropic impact, as well as staying on the pulse of our community’s most pressing needs, we are poised for a future in which positive community change has no limits.

Thanks to all who serve and have served on our board and staff for the past 35 years. Pictured left to right: Darryl Dobras (Trustee), Joseph Blair (Trustee), Missy Bowden (CFO) and Jan Lesher (Trustee). For a complete list of Trustees and Staff see page 27.
For 35 years, generous people like you have planted seeds of change in our community. You are the leaders, the inspiration and the role models.

You’ve seen the challenges our community faces and have taken steps to improve the quality of life for all in Southern Arizona through philanthropy.

From giving your time, talent or treasure, you’ve given because there is an issue close to your heart. Dr. Augusto and Martha Ortiz, for instance, created an endowment to ensure rural communities received access to health care. Bill and Kathy Kinney came to the Community Foundation to simplify their giving, focusing on hunger, veterans issues, animal welfare and children. Donors like Betsy Bolding, Joan Kaye Cauthorn, Larry and Florence Adamson, Sarah Smallhouse, Melody S. Robidoux and hundreds of others turned to the Community Foundation to enhance their charitable impact. Families have also shared their values with one another, passing down the power of philanthropy to ensure that positive change would continue from generation to generation.

Whether providing food and shelter for a family or transforming end-of-life care in our region, your gifts pay forward a legacy of helping others. Pooled with other donors from the Community Foundation’s family, you’ve contributed more than $145 million to make our community a better place to work, live and raise a family.
Change starts with just one individual, and is underscored and magnified by the collective impact of many. These legacies of generosity lead the way for our community Now & Forever.

Our Services

Individuals and Families
Every day, professionals of the Community Foundation for Southern Arizona assist individuals and families with defining what they care about most and creating a plan for their philanthropic giving. By partnering with the Community Foundation, these individuals and families receive personalized service and benefit from CFSA’s extensive knowledge of the community, and a plan that aligns with their interest and passion. There is never a “one size fits all” solution:

• Some plans are designed to support a specific charity over a number of years, or to support a particular community cause of the giver’s choosing
• Other plans allow the individual or family to recommend grants to various charities year after year
• Still other plans may boost an individual’s or a couple’s income for life, resulting in a generous future gift to charity
• And other plans help build our community’s endowment fund, providing a path for the Community Foundation to address Southern Arizona’s most pressing needs now and into the future, or by supporting the Community Foundation’s General Scholarship Fund, providing higher education assistance to local students who are often the first in their families to earn college degrees.

Southern Arizona Businesses
Corporations and businesses large and small depend on the Community Foundation’s expert knowledge and administrative support to handle their community giving. While individual business needs vary, some of the ways the Community Foundation can help include:

• Distributing grants on behalf of the business, thereby reducing its own internal processes
• Ensuring that grants are sent to legitimate and well-run nonprofit organizations supporting the community
• Recommending specific community needs that demonstrate effective ways of accomplishing the business’s philanthropic objectives
• Providing status reports to ensure that the business’s grants have been effectively utilized by the recipient nonprofit organizations.

Some business leaders contribute to the community’s endowment fund in order to have confidence that their gifts will be part of a legacy that by will address immediate community issues for decades to come.

Private Foundations
In recent years, families who have established private foundations have found that by converting their private foundation to a Donor Advised Fund with the Community Foundation offers a number of benefits that include:

• Avoiding burdensome reporting requirements and certain taxes imposed on private foundations
• The founding donors’ philanthropic wishes will continue to be honored, and although family members continue to make granting decisions, the Community Foundation will ensure that the foundation’s original philanthropic objectives remain in place.

Allied Professionals
Individuals throughout southern Arizona rely on the advice of professionals to help guide their estate-planning decisions. Many of those professionals – including attorneys, financial planners, CPA’s, trust officers, investment advisors and insurance agents – have come to rely on the Southern Arizona Community Foundation to help implement their clients’ philanthropic wishes. These allied professionals, in collaboration with donor services staff from CFSA, are able to insure that each donor’s intent is honored and fulfilled by:

• Establishing Donor Advised Funds through the Community Foundation to help individuals simplify their charitable giving
• Administering charitable remainder trusts and charitable gift annuities, ensuring timely distribution of income back to their clients and providing for gifts to charity afterward
• Helping their clients establish endowment funds for charities they support, with the assurance that the funds will be well-managed and distributions will be made annually to the intended charities
• Creating a mechanism to make charitable gifts at death by establishing a fund today that is funded at the time the estate is distributed
• Providing mechanisms for the distribution of assets that may be difficult for a client’s favorite charity to accept (such as ownership of a business or of real estate).

The Community Foundation for Southern Arizona is our community’s endowment.
